

# WHO'S THE PRESIDENT?™

## Levels 1-3

**Cards used** (The only difference in levels is the colors of the clue cards used.)

**PRESIDENT FACT CARDS**, **POWER CARDS**, **CLUE CARDS**

Level 1 – **BLUE CLUE CARDS** only

Level 2 – **BLUE** and **PURPLE CLUE CARDS** shuffled together

Level 3 – All **CLUE CARDS** shuffled together

**Objective:** Each team tries to name the President held by its opponent in as few guesses as possible. These rules are exactly the same for 1 v. 1 play.

**Step 1:** Deal each team 1 **PRESIDENT FACT CARD** face-down. Each team looks at its own card.

**Step 2:** Turn over the top **POWER CARD** in the deck. Both teams will use this one **POWER CARD** for the whole game. Both teams use the order of the letters A, B, and C in the top right corner of the **POWER CARD** to determine which clues to give from the **CLUE CARDS**.

**Example (below):** Since the **POWER CARD** has BAC in the top right corner, both guessing teams receive a "B" clue first, an "A" clue next (if needed), and then a "C" clue (if needed). Turn over a new **CLUE CARD** before each guess.

**Step 3:** The first guessing team has up to 3 tries (1 guess after each clue) to name its opponent's President based on the clues from the **CLUE CARDS**. The teams then switch roles with new **CLUE CARDS** used for the second guessing team.

**Determining Who Wins this Game:** Whichever team names the President in the other team's hand in the fewest guesses wins. The game ends in a tie if neither team guesses correctly after 3 tries or each team guesses correctly in the same number of tries.
