

Bringing Kids Together From
Across the Country for *Virtual*
U.S. History and Geography
Tournaments!

PARTICIPATION IS FREE

What are GeoPlunge and HistoryPlunge?

- They are fun games where students learn a ton about U.S. geography and history
- **GeoPlunge:** Learn the states, where they are on the map, state capitals, statehood and size, border states and more!
- **HistoryPlunge:** Learn about the Presidents, notable Americans, important events in history, when they took place and more!

WHO CAN PLAY?

- **GeoPlunge: Grades 3-8**
- **HistoryPlunge: Grades 3-8**
- **PLUS HistoryPlunge High School Challenge for grades 9-12**

- **Students can play individually or in teams.**

When Will the Tournaments Occur?

- Contact us to get on our schedule
- First come, first served

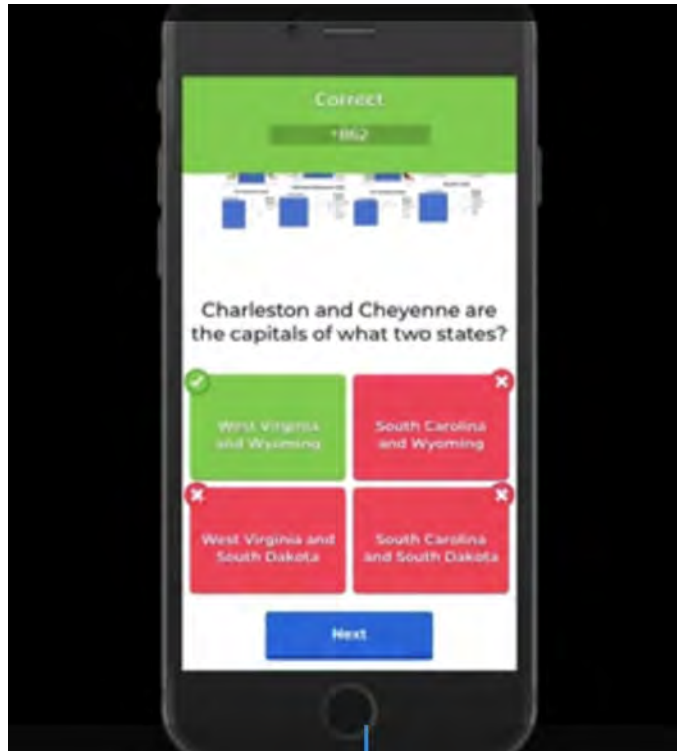

DOWNLOADABLE RESOURCES

How Do Students Prepare?

- We've got tons of FREE resources on our [Kids' Zone](#)
- We've got additional resources designed for the tournament
- We have a GeoPlunge Digital App that students can play for free (if they don't use the timer feature).
Pair this with a downloadable map.
Look for GeoPlunge – Dashing States in the App store
- Although it is not necessary, parents, libraries or schools can purchase their own sets of GeoPlunge or HistoryPlunge.
All proceeds are used to further our nonprofit's mission to make learning work not just for some – but for everyone!

HOW WILL THE TOURNAMENTS WORK?

- At a specific time, students will log onto to Zoom with a link that we provide in advance.
- Once students log onto Zoom, we will provide a PIN number for them to also log onto our Kahoot!
- They will see the slides on the computer and vote on their phones or devices.
- There will be 26 questions per session.
- Each session will last about 30 minutes.

- Our goal is to make things as easy as possible for teachers, libraries, and parents!
- [Click here if you are interested in receiving more information!](#)
